

E-CERTIFICATE OF DIGEST OWNERSHIP AND INTEGRITY

The undersigned, as representatives of the institutions responsible for the scientific conception & steering, software development, and informatics safety & surveillance of Demiurge, the free global geo-referenced information system on biodiversity's genetic diversity, hereby certify

1. That Fernando Ramírez, Prueba Demo are the authors of the genetic diversity digest that is published in Demiurge with the citation form

Ramírez F, Demo P (2011) D-ALLOZ-53 <http://www.demiurge-project.org/matrix_digests/D-ALLOZ-53>

2. That this digest was submitted by the above-mentioned persons on Feb 25, 2011 at 12:25 and is fully searchable from this website under the exclusive Demiurge ID D-ALLOZ-53 from May 23, 2011, after having completed the validation process implemented in Demiurge.

3. That any variation in the data and/or metadata associated with this digest with respect to those on its first date of publication in Demiurge can only be due to modifications made by the corresponding author using the password chosen upon registration. We are not responsible for the problems caused by leakage of password, and remind all users of Demiurge to keep it confidential.

4. That we take the utmost care to ensure that the data and metadata published in Demiurge are secure. All user information is transferred using SSL encryption, and digests are digitally signed to warrant they are preserved on their original state.

5. That all the above information is true to the best of our knowledge.

We also hereby state that any proven use of this digest that does not give the above-mentioned scientists proper credit using the citation form given above seriously contravenes the terms of use of Demiurge, and may give rise to membership repeal.

We highly appreciate your invaluable contribution to preserve, disseminate and enhance our present understanding of biodiversity through Demiurge.
